3. TERMS OF REFERENCE/ SPECIFICATION

1. PURPOSE OF THIS PROJECT

APPOINTMENT OF A SERVICES PROVIDER TO PERFORM A TECHNICAL REVIEW OF THE 2026/27 SPECIAL PROJECTS (SP) APPLICATIONS

INTRODUCTION AND OVERALL OBJECTIVES

The Services Sector Education and Training Authority (Services SETA) was established and registered in March 2000 in terms of the Skills Development Act of 1998. The SETA aims to provide for the skills development needs of the services sector through the implementation of learnerships, disbursement of grants and monitoring of education and training.

The Services Sector Education and Training Authority (Services SETA) hereby invites quotes from experienced, knowledgeable service providers to submit proposals.

2. BACKGROUND

The Services SETA disburses Discretionary Grant funding for projects, through Special Projects and Regular Projects. This award is targeted at implementing Special Projects.

The Services SETA requires the services of a service provider/s to perform a technical review of the Special Project applications in order to deliver on the mandate of the organization.

Special Projects:

The Services Sector Education and Training Authority (Services SETA) administers Discretionary Grant funding for Special Projects to support government priorities. Special Projects are used where a targeted, strategic response is required beyond the scope of ordinary Discretionary Grant windows, for example to address sector transformation, systemic constraints or urgent national imperatives.

These projects are funded at the sole discretion of Services SETA. They must align with the Sector Skills Plan, Strategic Plan, Annual Performance Plan, National Skills Development Plan 2030 and other priority government programmes to ensure that scarce resources are directed to areas of greatest need and impact.

This Special Projects Call for Proposals 2026/27 gives practical effect to that policy by opening a focused application window with defined timelines, eligibility criteria and evaluation requirements. For projects that position themselves as rural development interventions, this call must be read together with the Services SETA Rural Development Strategy and Framework. A summary of that framework is provided in Annexure A to guide applicants on how rural areas and rural development interventions are defined for the purposes of this call.

Approval for special projects rests with the Accounting Authority/Administrator and is in line with the requirements set out in the Services SETA's Discretionary Grant Policy. The allocation criteria are reviewed and determined by the Accounting Authority.

It is the Services SETA's intention to ensure that the Discretionary Grant allocations are fully in line with:

- Discretionary Grants Policy
- Services Sector Skills Plan
- The organisation's Strategic Plan, Annual Performance Plan and related planning documents
- The Skills Development Act, the Skills Development Levies Act, and all other relevant legislation, regulations and policies

The Services SETA must also ensure that the delivery of projects emanating from these allocations results in the achievement of both qualitative and quantitative targets of the organization.

3. SCOPE OF WORK/ DELIVERABLES

In order to achieve the above-mentioned objectives, the Services SETA seeks to appoint a Service Provider/s – with requisite administrative and technical knowledge and implementation capabilities – that will work alongside the relevant Services SETA staff members, and in line with relevant Services SETA policies, processes and procedures, to deliver the following:

The provider will be responsible for managing and executing the full technical assessment process for all Special Project applications. This includes pre-evaluation activities, compliance verification, detailed evaluation of submissions, and prepare reports to enable decision-making and recommendations by the Services SETA management.
